Subject: Tell the PSC Why They Need to Keep Your Power Bill Low

Dear Commissioner

(Please share your thoughts here.)We are against the never ending rate increases from our monopolistic provider of electricity. The lack of free market initiatives to challenge the actual monopoly is punishing us, the users, in an unjustly way. Granting FPL returns well over market "Allows a too generous 10.6% Return on Equity instead of 11.5% (in 2021 Duke settled for 9.85% and TECO for 9.95%) ... still well above the national average of 9.5%." demands rectification and adjustment to make it lower. Your PSC membership should aim to assist us the users and not to overindulge the profits for the rich. We are living quite difficult times. Need a remedy and adjustment to lower the increases in the fees to be paid. Thanks.

Thank you,

Guillermo Monroy
