Dear Commissioner

I have watched my bill increase monthly as myself retired, and my partner, forced to go from an office environment to a work at home one due to Covid, over \$20! Now this increase. Between this and his cut in hours, the decision from NYC to change our medical coverage thereby changing my agreed contracted health coverage from nearly free to now over \$2,000 annually plus co-pays, medications, other bills, home costs, increased costs of gas, other utilities etc. This will likely cause us to leave Florida. We have lived here for over 20 years. My family is here. My grandchild is here. We are one of many, many people who are in the same situation. It is my belief that you strongly rethink this as this state is going to fall into a great state of financial depression.

Thank you,

Gloria Scelfo
