Dear Commissioner

I live with the blinds closed all summer long because the cost to air condition my 1400 sq. ft. 1982 house is already high. I, like so many other seniors, live on a fixed income. I am not articulate enough to begin to tell you the strain, worry and hardship rising electric costs carry for folks of my generation. I'm not sure that even matters to you people, but if there was just one of you that had to live in darkness everyday I am sure things would be different.
