Dear Commissioner

Please don't let FPL screw the residents of Florida with their high rate increase. It's not fair that they should get such a big increase with guaranteed ROE when there is no need for such a large increase. You should be protecting the people of Florida and not bowing down to big, rich corporations like FPL. Their corporate executives don't need such a huge raise as they make way too much money as it is. Think of all the retirees here on a fixed income. We all need your help since everything else is also going up.

Thank you,

Michael Grice
