Dear Commissioner

I don't fully understand any of this stuff, but it seems FPL is royally putting the screws to all of us consumers, who are so powerless to do anything about it.
It's bad enough we have to cough up the money whether we have it or not, but FPL doesn't even have to use the money for the benefit of the consumers or prove what they are using it for. How about improving the environment??????

Thank you,

J Dittmer
