Dear Commissioner

Docket 2021 005EI

With Covid and the loss not only of jobs but those that have had added expenses with medical treatment, higher gas prices, burial fees of lost loved ones. This has put the people under great stress just trying to keep food on the table and pay their necessities. By raising rates you are taking more money from already starving and stressed families. Won't you please reconsider at least for another year so people can exist without this added worry.

Thank you,

Theresa West
