

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Energy Conservation Cost Recovery
Clause

Docket No: 20210002-EG
Date: October 22, 2021

**FLORIDA POWER & LIGHT COMPANY'S SECOND REQUEST
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF
MATERIALS PROVIDED PURSUANT TO AUDIT NO. 2016-019-4-1**

Pursuant to Section 366.093, Florida Statutes ("Section 366.093") and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its Second Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 2016-019-4-1 ("Confidential Information"). In support of this request, FPL states as follows:

1. On July 11, 2016, FPL filed a Request for Confidential Classification of the Confidential Information, which included Exhibits A, B, C and D ("July 11, 2016 Request"). By Order No. PSC-16-0464-CFO-EG, dated October 14, 2016 ("Order 0464"), the Commission granted FPL's July 11, 2016 Request. FPL adopts and incorporates by reference the July 11, 2016 Request and Order 0464.

2. On April 16, 2018 FPL filed its First Request for Extension of Confidential Classification of the Confidential Information which included First Revised Exhibit D ("April 16, 2018 Request"). By Order No. PSC-2018-0513-CFO-EG, dated October 22, 2018 ("Order 0513"), the Commission granted FPL's April 16, 2018 Request. FPL adopts and incorporates by reference the April 16, 2018 Request and Order 0513.

3. The period of confidential treatment granted by Order 0513 will soon expire. The Confidential Information that was the subject of FPL's April 16, 2018 First Request and Order 0513 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3).

4. FPL hereby submits its Second Request for Extension of Confidential Classification. All of the information designated in Exhibits A, B and C to FPL's April 16, 2018 First Request remains confidential. Accordingly, those exhibits will not be reproduced or reattached herein.

5. Also included as Second Revised Exhibit D is the declaration of Anita Sharma in support of this request.

6. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

7. As explained more fully in the declaration included as Second Revised Exhibit D, certain documents contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. This information is protected by Section 366.093(3)(d), Fla. Stat.

8. Also, certain documents contain information relating to competitive interests, the disclosure of which would impair the competitive business of FPL and its vendors. This information is protected by Section 366.093(3)(e), Fla. Stat.

9. Nothing has changed since the Commission entered Order 0513 to render the Confidential Information identified in First Revised Exhibit C stale or public, such that continued confidential treatment would not be appropriate.

10. Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted remains protected from disclosure up to 18 months unless good cause is shown to grant protection from disclosure for a longer period. Currently, the Commission retains audit reports for period of seven years at which time the audit materials are returned to FPL unless Commission staff or another affected person requests that these audit materials continue to be retained. The nature of these materials will not change in the next three years. Therefore, to promote administrative efficiency, FPL requests confidential classification for a period of thirty-six (36) months. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional thirty-six (36) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials included with or incorporated in this Request, Florida Power & Light Company respectfully requests that its Second Request for Extension of Confidential Classification be granted.

Respectfully submitted,

SECOND REVISED EXHIBIT D

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Energy Conservation Cost Recovery Clause

Docket No: 20210002-EG

DECLARATION OF ANITA SHARMA

1. My name is Anita Sharma. I am currently employed by Florida Power & Light Company ("FPL") as Sr Manager Strategy Analytics, Demand Side Management Cost and Performance. I have personal knowledge of the matters stated in this declaration.

2. I have reviewed Exhibit C and the documents that are included in Exhibit A to FPL's Second Request for Confidential Classification of Information Obtained in Connection with Audit No. 16-019-4-1 for which I am identified as the declarant. The documents or materials that I have reviewed, and which are asserted by FPL to be proprietary confidential business information contain or constitute information concerning bids or other contractual data, the disclosure of which would impair the efforts of the FPL or third parties to contract for goods or services on favorable terms. Specifically, the documents or materials contain information regarding negotiated terms with vendors for services related to FPL's demand side management programs, including paid advertisement expenses and incentive pay-out to qualified customers. Additionally, the documents or materials that I have reviewed, and which are asserted by FPL to be proprietary confidential business information contain or constitute information concerning customer-specific account information. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. FPL's policy is premised upon customers' right to privacy and the potential that the disclosure of customer specific information may harm some customers' competitive interests. To the best of my knowledge, FPL has maintained the confidentiality of this information.

3. Nothing has occurred since the issuance of Order No. PSC-2018-0513-CFO-EG to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of not less than 36 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business, so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Anita Sharma
