Re: Docket #20200226-SU

Commissioners of the Public Service Commission:

I am a property owner at 9700 Little Gasparilla Island which is a property within the service area of the proposed central sewer system, Docket #20200226-SU.

I formally object and request that PSC deny Environment Utilities (EU) application for Original Certificate of Authorization for this proposed central sewer system.

The homes, on average, do not have heavy usage. Half of them are empty at any given time and all very easily managed with a properly maintained septic. A sewer system is a terrible 'solution' to a misdiagnosed problem.

Thank you,

Sean Stevenson
