Subject: Don Pedro Island Sewer

My Name is Terry Kent  
470 Bocilla Dr.  
Don Pedro Island

Up front I want to voice my opinion on why we do not want a sewer at this present time.

After reading over the proposal my first comment is "This proposal is a solution looking for a problem."

Why I am against this:

- A. I do not believe at this time we have a problem on sewerage that needs addressing. No proven reason why we need it.
- B. If we need a sewer that should be up to the county to address and to tax us accordingly .
- C. Uncertain Hook-up Cost: When EU first presented to PIE, the connection fee was estimated at approx. \$20K per unit. When the rates and tariffs were finally submitted by the applicant, the requested Service Availability Charge per ERC was reduced to total estimated \$13,221.
- D. No contract...normally for this type of construction there is a general bid. EU is not a contractor that has won a bid to install sewer.
- E. No performance bond required.
- F. EU has not shown that he has the expertise for this type of project.

G. The scope of this project would be large...disruption of traffic flow on the island would be horrible. We are accessed only by ferry.

H. No compensation for the easements that would be from the house to the road.

Commissioner, I would ask that you deny this 1/2 baked idea be shelved until we have a problem that needs to be solved. And not let someone who thinks we have a problem for him to solve. Please deny the EU application.

Thank you,

Terry Kent
