Subject: RE. Docket #20200226-SU

Good morning,

My name is Layton Burkhardt and I own a home at 120 Bocilla Drive on Palm Island, I am writing you to express my concerns regarding Environmental Utility's (EU) application for wastewater service for our community. In addition to not requesting wastewater service, I question EU's ability to plan, complete and manage this project. They have not proven that they have the experience and expertise for wastewater service. The lack of information regarding the initial and future costs to homeowners is also extremely concerning. I think it's fair to say that our entire community feels that this project is being forced upon the neighborhood with little or no regard for homeowner's rights.

I respectfully request that the PSC deny EU's application.

Thank you for taking the time to read this.

Layton Burkhardt
