Subject: docket #20200226-SU

Dear commissioners:

This e mail is in reference to the sewer proposal on Palm Island.

I am Matt Lube, a home owner on 290 Kettle Harbor Drive.

I am asking that the PSC deny EU's application for wastewater service.

First and foremost, I do not feel there is a proven need for the service, and it was not requested by me. Many (most) of my neighbors feel the same.

There is a tremendous amount of information that is lacking, especially when it comes to the financing of the project. I already pay a huge amounts of insurance, flood insurance as well as taxes on our home – and quite frankly I'm not sure I can afford the potential costs to set up / and maintain this service – that we feel is not necessary. The lack of technical expertise of the EU concerns me, as do the anticipated (many of which are unknown) costs of this project.

My wife's parents built one of the first 20 homes on this Island. We all are fortunate to own a BEAUTIFUL, relatively untouched , unspoiled piece of Florida – please help us keep our little island that way.

Sincerely -

Matthew W. Lube

Property Owner, Palm Island Estates FL
