Subject: RE Docket 20200226-SU

As a Palm Island homeowner (290 Kettle harbor Dr), I wanted to express my gratitude to the staff on the recommendation of a denial for Environmental Utilities to be granted a wastewater certificate.

Thank You! Thank you, For your time and consideration regarding this matter. As a homeowner, I and my neighbors were opposed to having mandatory private sewer. As homeowners we are very conscientious about the care and upkeep of our septic systems and will continue to do so, as we love our island and the beauty it provides us and the birds and animals we share this paradise with. This is a special place and my opinion, sewer would have been costly and possibly caused the island to be more built upon, thus losing some of the natural environments for our bird and animal friends.

Thank you!!!! Kelly Lubē
