Dear Mr. Cohen:

Thank you for your email, dated May 31, 2022, which Commissioner Passidomo has received and read. The Commission Clerk has placed a copy of your email in Docket No. 20200226-SU, *Application for certificate to provide wastewater service in Charlotte County, by Environmental Utilities, LLC*. We appreciate you providing the Commission with your comments.

Sincerely,

*Angelena McCoy*

**Subject:** Docket #20200226-SU

Dear Commissioners,

First let me thank you for the work you are doing. I know this can be quite a wearisome job. But, as you know, you hold the power to change the lives of many citizens. A great responsibility, indeed.

I am a full-time resident of Don Pedro Island and was one of the many people who took both the opportunity to write to you and to speak on this matter.

Having just had my routine septic pump out last month, I am still convinced that the proposal by EU is not the correct path forward for many reasons, all of which you have already heard.

I am asking that you follow the staff recommendation and **deny the application made by EU.**

Thank You,

David Cohen

Thank you for your continued consideration in regards to the proposed sewer. I am extremely pleased to see the PSC staff carefully reviewed all documentation and feedback and is recommending denial based on a lack of need for service and that the application is not in the public interest. The pinpointed accuracy and clarity of their recommendation is heartening. We are beginning to put in our brand new septic system and while the cost is steep we are opting for extra measures to ensure we are good stewards of the island we feel so lucky to be able to call home. We now look to you to carry out this recommendation and ask that you deny the application.
