Subject: Tymber Creek Utility

We are residents of Tymber Creek and have real concerns about Tymber Creek Utilities abdication of their responsibilities to our development. They have damaged roadways and not completed repairs adequately or correctly. In the meanwhile there is a deal pending to sell the property to Central States Resources, LLC which is vehemently opposed by the homeowners of Tymber Creek since the damages for which Tymber Creek Utility is responsible have not been addressed nor completed.

We have owned our home here in TC for 10 years and it is now our permanent residence.

Patricia and Fenton Young
