Public Service Commission,

We received notice that Pluris is filing for another rate hike. A very significant one for Wedgefield residents. For most homes, with this rate increase, they will be paying well over \$200 a month just for water. And water we can't even drink. We don't understand how this can continue to be approved. We are just middle class folks trying to live in a nice neighborhood but we are being forced out by a greedy water company. They also sent us a letter basically bullying us about agreeing to buy their company so Orange Counter utilities can take over service. It really makes me sad that we have to deal with this. We don't want to move, but Pluris is giving us no choice. I'm hoping that you can surprise us and deny their rate increase.

Please help us.
