SECTION 63.71 APPLICATION OF AT&T

AT&T¹ applies for authority under Section 214(a) of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. § 63.71, to grandfather certain voice services provided over copper in sections of certain wire centers located in 18 states.

¹ AT&T Services, Inc. files this application on behalf of its affiliates set out in the caption.

INTRODUCTION

Through this application, AT&T seeks to grandfather certain VoIP services, called AT&T Phone Service and AT&T Phone for Business, where AT&T can only provide the services over copper (the “Affected Services”) in portions of certain wire centers located in 18 states (the “Affected Service Area”). On February 12, 2024, AT&T received streamlined approval to grandfather these same services in other wire centers located in six of the 18 states at issue here. As with AT&T’s application that was granted earlier this month, grandfathering these outdated services will benefit the public and serve as an important step toward meeting both AT&T’s and the Commission’s goals of advancing toward next-generation technologies that customers crave.

Like other voice services provided over copper, there is virtually no demand for the Affected Services in the Affected Service Area. In fact, fewer than 1.6% of Living Units in the Affected Service Area subscribe to either Affected Service.² In the last year, fewer than 0.15% of customers in Living Units in the Affected Service Area placed new orders for either Affected Service. In that same time frame, cancellations of subscriptions to AT&T Phone Service over copper exceeded new orders of the service by more than 700%.

While grandfathered customers have the option of retaining the Affected Services, individuals and businesses in the Affected Service Area have many cost-effective alternative options to choose from as replacements for the Affected Services. These alternative options include AT&T’s next-generation solutions — AT&T Phone – Advanced and AT&T Phone for Business – Advanced (“AP-A” and “AP-A Business”) — which AT&T specifically designed as

² Living Units include both residential households and businesses in the areas where AT&T offers the Affected Services only over copper. They are calculated using AT&T’s internal databases.

reliable and cost-effective alternatives to legacy voice services. Other alternative options from AT&T include AT&T Office@Hand for business customers, AT&T Residential Local Service, and/or AT&T Business Local Exchange Service. In addition, there are many competitive voice offerings offered over cable, fiber, fixed wireless, mobile wireless, and satellite technologies, which most customers have already selected in lieu of the Affected Services.

APPLICATION

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee;
Illinois Bell Telephone, LLC, d/b/a AT&T Illinois;
Indiana Bell Telephone Company, Incorporated, d/b/a AT&T Indiana;
Michigan Bell Telephone Company, d/b/a AT&T Michigan;
The Ohio Bell Telephone Company, d/b/a AT&T Ohio;
Wisconsin Bell Telephone Company, d/b/a AT&T Wisconsin;
Southwestern Bell Telephone Company, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas.

The address for purposes of this application is:

208 South Akard Street
Dallas, TX 75202

Date of Planned Service Grandfathering:

Effective on or after **April 1, 2024**, pending regulatory approval, AT&T's Affected Services will be grandfathered and will no longer be available for purchase by new customers. *All current customers will be able to keep their current service after that date.*

Points of Geographic Areas of Service Affected:

AT&T plans to grandfather the Affected Services in the Affected Service Area in sections of 18 states: Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Michigan, Missouri, Mississippi, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, Texas, and Wisconsin. Exhibit 1 identifies the list of AT&T wire centers in each state that include any service areas that fall within the Affected Service Area.

Brief Description of Type of Service Affected:

AT&T plans to grandfather AT&T Phone Service and AT&T Phone for Business in the Affected Service Area where AT&T can only provide the service over copper. AT&T will continue to accept new orders for AT&T Phone Service and AT&T Phone for Business in areas of these wire centers where AT&T can deliver AT&T Phone Service and AT&T Phone for Business over AT&T fiber.

AT&T Phone Service is an enhanced voice communication service that converts voice communications into Internet Protocol (IP) packets that are carried over an IP network — *i.e.*, “voice over IP” or “VoIP.” AT&T Phone Service includes direct-dialed calling and certain calling and call management features, as well as additional or advanced features that may be offered at additional costs.

AT&T Phone for Business provides an enhanced voice communication service that converts voice communications into Internet Protocol (IP) packets that are carried over an IP network. It may be generically referred to as “voice over IP” or “VoIP.” The service includes

direct-dialed calling and certain calling and call management features or advanced features associated with the service.

Brief Description of the Dates and Method of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on January 30, 2024 for affected customers of AT&T Phone Service, and on February 21, 2024 for affected customers of AT&T Phone for Business.³ Copies of this Application are being sent via first-class U.S. Mail to the governor, public utility commission, and federally recognized tribes (if any) in the Affected Service Area, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission’s rules.⁴

Regulatory Classification of Carrier:

AT&T offers the Affected Services pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Joshua Woodbridge, AT&T Services, Inc., Director – Federal Regulatory, 601 New Jersey Ave., N.W., Suite 400, Washington, D.C. 20001, (202) 709-0554.

Public Convenience and Necessity:

As AT&T set forth in detail in its recent application to grandfather these services in other wire centers, AT&T is investing significantly in fiber and 5G in order to provide

³ Example notices are attached at Exhibits 2 and 3. Exhibit 2 is a representative example of the notice sent to subscribers to AT&T Phone Service over copper in the Affected Service Area. Exhibit 3 is a representative example of the notice sent to subscribers of AT&T Phone for Business over copper in the Affected Service Area. The consumer notice attached at Exhibit 2 inadvertently included the Detroit (DTRTMIMN) wire center in the list of affected wire centers, but AT&T does *not* seek to grandfather either Affected Service in that wire center, and it did not send the notice to any customers in that wire center.

⁴ Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists. Commission staff has advised that a copy of the application be sent instead to the Department of Defense Chief Information Officer.

customers with the innovative solutions that they desire.⁵

The public convenience and necessity will not be impaired by the grandfathering of these services. The demand for the Affected Services is very low. The very small base of existing copper voice customers has been steadily declining, and new customer orders for the Affected Services are insubstantial. As noted above, fewer than 1.6% of Living Units in the Affected Service Area subscribe to either Affected Service.⁶ In more than 90% of the wire centers affected by this application, AT&T received *six or fewer* new orders for each Affected Service in the last year, and AT&T received *zero* new orders for AT&T Phone Service over copper in more than 40% of the wire centers. As a result, it is economically inefficient for AT&T to continue to make the Affected Services available for new customers. Active customers of the Affected Services will not be losing service with this filing, and (as explained below) active and prospective customers have many alternative services to choose from.

Prospective and current customers in the Affected Service Area have numerous options to choose from in lieu of the Affected Services. As evidenced by the data described above, most consumers have elected to receive voice services from the many alternative providers competing in the area. Many have embraced wireless options in lieu of wireline voice, a trend that the Commission has recognized “is only going to increase further as 5G deployment progresses” and pushes copper “loops into obsolescence.”⁷ AT&T, T-Mobile, Verizon, and

⁶ Across AT&T’s entire footprint, retail customers for copper-based AT&T Phone Service have declined by approximately 44% from December 2020 through June 2023.

mobile resellers also offer CMRS-based voice throughout the Affected Service Area.⁸ Those who still use wired phones presumably are purchasing voice service from cable providers, such as Charter or Xfinity, among others.

Customers in the Affected Service area also can purchase internet service through fixed wireless providers or use over-the-top VoIP services in conjunction with their wired (or cordless) telephones. Other customers still can use satellite providers, including Viasat, Hughes, and Starlink. All of these services are regularly advertised as cost-effective options for voice service.⁹

⁸ Mobile wireless services also come with several technological advantages over fixed that increase their value to consumers. In addition to the obvious benefit of being *mobile*, when customers move, they do not have to cancel and initiate new service, nor do they have to worry about changing phone numbers. In many cases, wireless plans include data service in addition to voice service. Mobile wireless providers are also subject to the FCC’s 911 regulations, including location-accuracy requirements. 47 C.F.R. § 9.10. Mobile wireless services also provide access to 711 abbreviated dialing for Telecommunications Relay Service users.

Get everything you need to keep in touch at an affordable price.”); Viasat – Viasat Voice, <https://www.viasat.com/satellite-internet/add-ons/voip> (last visited Feb. 9, 2024) (offering “[g]reat call quality plus voicemail, call waiting, caller ID, and many other popular features” for “home phone service”); T-Mobile – What is POTS, and What It Means to Your Business?, <https://www.t-mobile.com/business/solutions/iot/pots-phone-network> (last visited Feb. 9, 2024) (advertising “[r]eliable service with T-Mobile’s national high-speed network”).

Most importantly, in the Affected Service Area AT&T now offers AP-A and AP-A Business, which AT&T specifically designed as cost-effective alternatives to legacy voice services. These services leverage AT&T's substantial investments in its wireless network to ensure that customers enjoy continued access to dependable and cost-effective voice services. These easy-to-use, competitively priced services are broadly available across the Affected Service Area, and provide superior functionality than the Affected Services. AT&T highlighted AP-A and AP-A Business as key alternatives to AT&T Phone Service, AT&T Phone for Business, as well as AT&T Residential Local Service and/or AT&T Business Local Exchange Service in its grandfathering applications that were granted earlier this month. A detailed overview of the AP-A and AP-A Business services is set forth in its previous application to grandfather AT&T Phone Service, AT&T Phone for Business in other wire centers.¹⁰

Other alternative options from AT&T include AT&T Office@Hand for business customers, Residential Local Service, and/or AT&T Business Local Exchange Service.

Between AP-A, AP-A Business, AT&T's other voice offerings, and many competitive options, customers and prospective customers of the Affected Services have a multitude of cost-effective offerings to choose from.

¹⁰ AT&T 2023 Application at 17-20.

CONCLUSION

For the reasons identified above, the public convenience and necessity will not be adversely affected by the grandfathering of the Affected Services. AT&T respectfully requests the Commission approve its Section 63.71 Application to grandfather services.

We'll no longer be accepting orders for AT&T Phone service in your area

Hi [REDACTED]

Effective on or after April 1, 2024, pending regulatory approval, we'll¹ no longer accept new orders for AT&T Phone Service in your area². **No action from you is required at this time. As a current customer, you may continue using your home phone service as you do today.** After April 1, no changes to your current home phone services or service location can be made but you can cancel at any time.

Here's why we're no longer accepting new AT&T Phone orders:

Due to low demand for our home phone services in your area, we're no longer offering this service to new customers. New and existing customers can still take advantage of other options for phone service, such as AT&T Wireless, AT&T Phone - Advanced, and AT&T Residential Local Service. Did you know you can keep your current home phone number if you switch to any of these services? We can help with that.

Interested in changing home phone service or know someone moving to the area?

Please call us at **888.994.7035**, Monday - Friday, 7 am - 9 pm CT; Saturday 8 am - 9 pm CT.

Thank you.

AT&T
PO Box 580
Lee's Summit, MO 64063-0580

¹In the areas impacted by this notice, AT&T Phone Service is provided by BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee; Illinois Bell Telephone, LLC, d/b/a AT&T Illinois; Indiana Bell Telephone Company, Incorporated, d/b/a AT&T Indiana; Michigan Bell Telephone Company d/b/a AT&T Michigan; The Ohio Bell Telephone Company, d/b/a AT&T Ohio; Wisconsin Bell Telephone Company d/b/a AT&T Wisconsin; Southwestern Bell Telephone Company, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas.

²This action only affects AT&T Phone Service in areas of the wire centers listed at the end of this letter where AT&T can only offer the service over its copper-based platform. AT&T will continue to accept new orders for AT&T Phone Service in areas of these wire centers where AT&T can deliver AT&T Phone Service over fiber.

We're required by the FCC to provide the following statement:
The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 of BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee; Illinois Bell Telephone, LLC, d/b/a AT&T Illinois; Indiana Bell Telephone Company, Incorporated, d/b/a AT&T Indiana; Michigan Bell Telephone Company d/b/a AT&T Michigan; The Ohio Bell Telephone Company, d/b/a AT&T Ohio; Wisconsin Bell Telephone Company d/b/a AT&T Wisconsin; Southwestern Bell Telephone Company, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

Exhibit 3

We're required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee; Illinois Bell Telephone, LLC, d/b/a AT&T Illinois, Indiana Bell Telephone Company, Incorporated, d/b/a AT&T Indiana, Michigan Bell Telephone Company d/b/a AT&T Michigan, The Ohio Bell Telephone Company, d/b/a AT&T Ohio; Wisconsin Bell Telephone Company d/b/a AT&T Wisconsin; Southwestern Bell Telephone Company, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
