> We would like to lodge our opposition to EUs application for the sewer system on Palm Island ( Knight Island). Better enforcement of existing septic systems would seem to be a much better use of our scarce resources.

> We are concerned also with the applicant's financial strength and ability to properly complete a sewer system. This is the same application that was rejected two years ago and nothing has changed in our objections.

> Please consider ours and others objections In denying the application.

> Thank you.
