Subject: RE: RE. Docket #20240032-SU

Good Afternoon, Hahns Kanode.

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

I object to this application because:

1. I don't feel there is any need for sewer service. My septic system is working fine.

2. No water quality testing has been done in my area to prove a need for sewer service.
3. This project brings the potential for destruction of habitat and interference with endangered species such as the gopher tortoise.
4. I did not request sewer service.
5. EU is a private, for-profit utility company as opposed to a government organisation.
6. The proposed costs are considerably more than the cost of maintenance of my current system.
7. I do not want to give up any more property rights than I already have.
8. This project will change the flavor of the island by favoring higher population density than is currently allowed. I spend my time on the island because I enjoy the current low population density.

Please do not allow this project to move forward.

Thank you

Hahns Kanode
