CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Are Floridians shouldering the Totality of Duke Energy Expenses?
They are giving 2million in recovery grants to the Asheville NC area, with no mention of recovering those costs while reducing their rates.
Many Floridians were without power for weeks, which raises the question if their infrastructure was properly hardened before the storms.
Please don't rubber stamp their request at our expense.
Ask the tough questions.

Sincerely,

Ken Paine
