COMPLAINT INFORMATION

Complaint: Other Complaints against Tampa Electric Company
Details:

I am complaining about TECO's proposal to raise our bills by \$33 starting in March. While I understand the need to recover funds spent by the company during this past hurricane season. All of our budgets have stretched to the limits. Many of us are seniors (including myself) who are on fixed incomes. This comes at a time when we have watched our premiums for our Homeowner's Insurance to being raised to epic levels, not to mention the premiums for car insurance and the price of groceries. Please consider the customer's you serve, it is not like when the cable goes up, you find another carrier.

Thank you for your consideration.
