Docket No: 20250001-EI

Date: February 21, 2025

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
OF MATERIALS PROVIDED PURSUANT TO AUDIT NO. 2023-010-4-2**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") submits its Request for Extension of Confidential Classification of certain material provided to the Staff of the Florida Public Service Commission ("Staff") pursuant to Audit Control No. 2023-010-4-2 ("the Audit"). In support of this request, FPL states as follows:

1. On June 2, 2023, FPL filed a Request for Confidential Classification of the Confidential Information, which included Exhibits A, B, C and D ("June 2, 2023 Request"). By Order No. PSC-2023-0263-CFO-EI, dated August 22, 2023 ("Order 0263"), the Commission granted FPL's June 2, 2023 Request. FPL adopts and incorporates by reference the June 2, 2023 Request and Order 0263.

2. The period of confidential treatment granted by Order 0263 will soon expire. some of the Confidential Information that was the subject of FPL's June 2, 2023 Request and Order 0263 warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

3. The following exhibits are included with and made a part of this request:

a. Revised Exhibit A consists of a copy the confidential documents, on which all information that is entitled to confidential treatment under Florida law has been highlighted.

b. Revised Exhibit B consists of two copies of the confidential documents, on which all the information that is entitled to confidential treatment under Florida law has been redacted. For the documents that are confidential in their entirety, FPL has included only identifying cover pages in Exhibit B.

c. Revised Exhibit C is a table containing an identification of the information highlighted in Exhibit A by page and line. Exhibit C also references the specific statutory basis for the claim of confidentiality and identifies the declarant who supports the requested classification.

d. Revised Exhibit D is the declarations of Michael Cashman and Luisa Santacoloma in support of this Request.

4. FPL submits that the highlighted information in First Revised Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

5. As stated in FPL's June 2, 2023 Request, revised Exhibit C, and the declaration of Michael Cashman in Revised Exhibit D, certain documents contain information concerning pricing and other terms, payment records and vendor and supplier rates or other contractual data, the disclosure of which would impair the efforts of FPL to contract for energy and capacity-related

goods or services on favorable terms for the benefit of FPL's customers. This information is protected by Section 366.093(3)(d), Fla. Stat.

6. Also as stated in FPL's June 2, 2023 Request, revised Exhibit C, and the declaration of Luisa Santacoloma in Revised Exhibit D, certain information in these documents concern FPL's competitive interests as well as the competitive interests of its counterparties and its customers, the disclosure of which would impair the competitive business of FPL and its customers and vendors. Certain information in these documents and materials would also place FPL and its customers or vendors at a disadvantage when coupled with other information that is publicly available. This information is protected by Section 366.093(3)(e), Fla. Stat.

7. Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted remains protected from disclosure up to 18 months unless good cause is shown to grant protection from disclosure for a longer period. Currently, the Commission retains audit reports for period of seven years at which time the audit materials are returned to FPL unless Commission staff or another affected person requests that these audit materials continue to be retained. The nature of these materials will not change in the next three years. Therefore, to promote administrative efficiency, FPL requests confidential classification for a period of thirty-six (36) months. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional thirty-six (36) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

Docket No. 20250001-EI

DECLARATION OF LUISA SANTACOLOMA

1. My name is Luisa Santacoloma. I am currently employed by Florida Power & Light Company ("FPL") as Manager, Billing Solutions Support. I have personal knowledge of the matters stated in this declaration.

2. I have reviewed Revised Exhibit C and the documents that are included in Revised Exhibit A to FPL's Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 2023-010-4-2 for which I am designated as the declarant. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain customer billing information, including pricing and account information. The disclosure of this information would impair the efforts of FPL to contract for energy and capacity-related goods or services on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Certain information in these documents and materials would also place FPL at a disadvantage when coupled with other information that is publicly available. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-2023-0263-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of not less than 36 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

Luisa Santacoloma

2. I have reviewed Revised Exhibit C and the documents that are included in Revised Exhibit A to FPL's Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 2023-010-4-2 for which I am designated as the declarant. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute data such as pricing and other terms, payment records, and vendor and supplier rates. The disclosure of this information would impair the efforts of FPL to contract for energy and capacity-related goods or services on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Certain information in these documents and materials would also place FPL at a disadvantage when coupled with other information that is publicly available. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Nothing has occurred since the issuance of Order No. PSC-2023-0263-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. Therefore, the information should remain confidential for a period of not less than 36 months.
