Subject: RE: RE. Docket #20240032-SU

Good morning,

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz
Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399
850.413.6770

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your e-mail message may be subject to public disclosure.

Commissioners,
Please vote against this.

The biggest reason is the majority of the islanders are against it. We are not against sewers we are against the outdated technology and the major impact on our barrier island.

The other main reason is the financial impact on many families that live here including me. To pay up front and then have an extra utility bill that will add to our cost will most likely lead us to selling a home that we have lived in for 25 years. We are on a fixed income.

Finally I still do not understand how someone who does not live on our island can go to the commission and say what we need to do and has no real experience in the field of sewer construction.

Please Please vote no.
