Dear Commissioners,

I want to personally thank all three Commissioners for voting to deny Environmental Utilities the wastewater certificate they applied for. At the hearings it was so heartening to know you were really listening and then studied and saw the truth in what the residents of the island were saying. Your remarks at the decision meeting were right on target! So grateful to have such wise public servants, who saw the truth in the whole case.

Thank you again for, among other considerations, looking at the environmental aspect, the horrendous cost, the comprehensive plan, the fact that no Charlotte County Commissioner appeared, our expert witnesses, and the slipped in evidence that EU's attorney wrote the County Resolution and sent it to the Charlotte County Attorney. It was that which was submitted to the Charlotte County Commission and was approved by consent agenda with no discussion.

You have done an outstanding job! You saw the whole true picture! Islanders are Forever Grateful!

Sincerely,

Kathleen Stokes
