**Subject:** RE: Keep FPL Rates Down Docket #20250011

Good morning,

We will be placing your comments below in consumer correspondence in Docket No. 20250011, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

*Brian Schultz*

Commission Deputy Clerk II  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee, Florida 32399

**Subject:** Keep FPL Rates Down Docket #20250011

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes who simply cannot afford to pay more.

With costs for housing, healthcare, and everyday essentials already high, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I've done my part by investing in solar, but yet even with my system the rates, keep increasing on what I must pay. I chose to go solar because I would like to be more environmentally friendly and reduce my overhead as I get closer towards retirement. There's no better place than Florida a.k.a. the sunshine state to make use of solar to help reduce my

usage, but even if I generate more electricity than I use my rates keep increasing. This is a completely one-sided benefit and that is all towards FPL.

I urge you to reject FPL's request for another higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Donna Oddy
