TECO/Tampa Electric

Message

I am messaging your office regarding TECO. I don't think you all are taking this seriously, the outrages amounts that TECO is charging customers for electric. If they feel this rate is justifiable they are being mismanaged. Again, their rate increases are going against everything President Trump has been touting about lowering bills for the American people. The state of Florida should be looking into TECO and what is going on within their company.
