COMPLAINT INFORMATION

Complaint: Other Complaints against Tampa Electric Company
Details:

Our rates have continuously increased over the past four or five years. I live and then 888 ft² condo we are 5 years ago my electric bill averaged about \$60 to \$70 per month. Now during summer I average about \$200 per month. During winter if it's extremely cold it's sometimes higher than \$200 but if there is no heat used the naturally it is less. The rates seemed to have tripled in the past 4 years or so and there should be some regulation around this. Please assist with this.
