I wanted to thank you for approving the Florida Plunder and Loot rate increase of 6.9 BILLION DOLLARS. It will be great to have to pay more for less service. Now I can spend more money from retirement account to add to FPLs already bloated profits. They always use the excuse the Florida will still be below the national average which is disgusting. This entire system is completely corrupt. No one on the PSC had the intestinal fortitude to stand up for the public and tell them no ? When does it end? FPL is currently putting power lines under ground in my neighborhood which I already paid for and they cut my fiber optic cable twice and left a mess in my yard. Can't wait to see the increase on my bills.
