FPL Rate Increases

Message

Now that the PSC has decided to raise our FPL rates, are there any state incentives for solar power now that the federal one is due to expire at the end of this year? We weren't able to get Tesla solar installed on our new build by the end of this year.

We are already paying than even the Wash DC area that we just escaped from! Hopefully the decisions made by the appointed commissioners will be remembered when they are due to be reappointed by the governor's office.

Thank you.
