BY THE COMMISSION:

I. Background

As part of our continuing purchased gas adjustment (PGA) true-up proceedings, an administrative hearing was held in this docket on November 4, 2025. St. Joe Natural Gas Company, Inc. was excused from attending the hearing. Florida City Gas (FCG), Florida Public Utilities Company (FPUC), Peoples Gas System, and St. Joe Natural Gas Company, Inc. (collectively, Gas Utilities) submitted testimony and exhibits in support of their proposed final and estimated true-up amounts and their proposed purchased gas recovery factors. The testimony and exhibits of the Gas Utilities, as well as responses to discovery, were placed into the record at hearing. The Office of Public Counsel (OPC) also participated in this proceeding. We are vested with jurisdiction over the subject matter by the provisions of Chapters 120 and 366, Florida Statutes (F.S.), including Sections 366.04, 366.05, and 366.06, F.S.

Prior to the hearing, the parties reached Type 2 stipulations¹ on all issues identified for resolution at hearing, with the Gas Utilities agreeing to proposed stipulations on all issues, with OPC taking no position on these proposed stipulations. The proposed stipulations were presented to us for approval. The proposed stipulations specified final and estimated true-up amounts and purchased gas cost recovery factors appropriate for each Gas Utility. We accept and approve the proposed stipulations as reasonable and supported by competent, substantial evidence of record, as set forth below.

¹ A Type 2 stipulation occurs on an issue when the utility and the staff, or the utility and at least one party adversarial to the utility, agree on the resolution of the issue and the remaining parties (including staff if they do not join in the agreement) do not object to us relying on the agreed language to resolve that issue in a final order. OPC's position on each Type 2 stipulation stated herein is as follows: OPC takes no position on these issues nor does it have the burden of proof related to them. As such, the OPC represents that it will not contest or oppose the Commission taking action approving a proposed stipulation between the Company and another party or staff as a final resolution of these issues. No person is authorized to state that the OPC is a participant in, or party to, a stipulation on these issues, either in this docket, in an order of the Commission or in a representation to a Court.

II. Decision

At the evidentiary hearing, Exhibits Nos. 1-20 on the Comprehensive Exhibit List and the prefiled testimony of all witnesses as listed in Section VI of the Prehearing Order (page 4), Order No. PSC-2025-0411-PHO-GU, were admitted into evidence without objection. The parties waived opening statements and the filing of post-hearing briefs. Upon review of the entire record, we accepted and approved the Type 2 stipulations on the issues as reasonable and supported by competent, substantial record evidence. Upon approval of the Type 2 stipulations set forth below, all issues for this proceeding were resolved.

We find the appropriate final purchased gas adjustment true-up amounts for the period January 2024 through December 2024 are as follows:

FPUC/FCG	\$729,664	Under-recovery
Peoples Gas System	\$2,839,660	Over-recovery
St. Joe Natural Gas Company	\$83,036	Over-recovery

We find the appropriate purchased gas adjustment actual/estimated true-up amounts for the period January 2025 through December 2025 are as follows:

FPUC/FCG	\$1,318,472	Over-recovery
Peoples Gas System	\$590,166	Under-recovery
St. Joe Natural Gas Company	\$19,227	Over-recovery

We find the total purchased gas adjustment true-up amounts to be collected during the period January 2026 through December 2026 are as follows:

FPUC/FCG	\$588,808	Over-recovery
Peoples Gas System	\$2,249,493	Over-recovery
St. Joe Natural Gas Company	\$102,263	Over-recovery

We find the levelized purchased gas cost recovery (cap) factors for the period January 2026 through December 2026 are as follows:

FPUC/FCG	1.2769 dollars/therm
Peoples Gas System	1.16057 dollars/therm
St. Joe Natural Gas Company	1.049 dollars/therm

The above purchased gas adjustment charges shall be effective for all meter readings on or after January 1, 2026, beginning with the first or applicable billing cycle for the period January 2026 through December 2026.

III. Conclusion

We find that revised tariffs reflecting the new purchased gas adjustments charges found to be appropriate in this proceeding are approved. We direct Commission staff to verify that the revised tariffs filed by the utilities to reflect the new purchase gas adjustment charges are consistent with our decision.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the stipulations, findings, and rulings set forth in the body of this Order are hereby approved. It is further

ORDERED that each utility that was a party to this docket shall abide by the stipulations, findings, and rulings herein which are applicable to it. It is further

ORDERED that Commission staff shall verify that the revised tariffs reflecting the new purchased gas adjustment charges are consistent with our decision herein. It is further

ORDERED that the utilities named herein are authorized to collect the purchased gas adjustment amounts and use the factors approved herein effective with all meter readings on or after January 1, 2026, beginning with the first or applicable billing cycle for the period January 2026 through December 2026 and continuing until modified by subsequent order of this Commission. It is further

ORDERED that the purchased gas adjustment (PGA) true-up docket, while a separate docket number is assigned each year, is an on-going docket and shall remain open.
