Mr. Adam Teitzman
Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Blvd
Tallahassee, FL 32399-0850

Dear Mr. Teitzman:

I am electronically filing the following information regarding the rate changes made by Suwanee Valley Electric Cooperative (SVEC).

- 1 clean copy of the new tariffs
- 1 redline copy showing changes

SVEC recently adjusted its rates to generate additional revenue needed to build equity and meet lender covenant requirements. SVEC has incurred significant debt over the past 2 years as a result of 4 major storms and this has resulted in a dramatic reduction in their equity percentage. They have a critical need to increase rates to meet their financial obligations.

In addition, I received a copy of the current rates on file for SVEC from Ranika Rashawn at PSC. It appears that some prior changes may not have been updated. I'm attaching prior changes for informational purposes.

Should you have any questions or need further assistance, please do not hesitate to call me at 404-386-8704. You may also email any requests or questions to mike@ratedesign.net.

Sincerely,

G. Michael Leverett, Jr., President

Executive

RESIDENTIAL RATE (R)

AVAILABILITY:

Available throughout the territory served by the Cooperative, subject to the rules and regulations of the Cooperative.

APPLICABILITY:

Applicable for domestic purposes in individually metered dwellings, duplexes, triplexes, or mobile homes, and including the separately metered non-commercial facilities of a residential customer (i.e., garages, water pumps, etc.). Also for use in commonly-owned facilities in condominiums and cooperative apartment buildings where 100% of the energy is used exclusively for the residential occupancy's benefit. Motors having rated capacity of ten horsepower (10 HP) or greater shall not be permitted under this schedule unless approved by the Cooperative. Service provided hereunder shall not be shared with or resold to others.

CHARACTER AND CONDITIONS OF SERVICE:

Single-phase or multi-phase, 60 Hertz, at the Cooperative's standard available voltage. Resale of service or standby service is not available hereunder.

MONTHLY RATE:

Customer Facilities Charges:	
First Meter	\$1.65 per day
Ancillary Meter	\$1.15 per day
Energy Charge:	
First 1,000 kWh	13.10 cents per kWh
Over 1,000 kWh	17.20 cents per kWh

DETERMINATION OF ANCILLARY METER:

An Ancillary Meter shall be an additional meter assigned to the same location and Customer as the First Meter and used to serve an ancillary load to the main residence (e.g., well, shop, barn). In order to qualify as an Ancillary Meter, the service drop must be from the same transformer used to serve the First Meter's load and the transformer's size cannot exceed 25 kVa.

OUTDOOR LIGHTING SERVICE (OL)

APPLICABILITY:

Applicable to consumers, for dusk to dawn outdoor lighting in close proximity to existing overhead secondary circuits.

RATE PER LIGHT PER MONTH:

Light mounted on existing pole with bracket attachment and connected to existing overhead secondary circuit.

Description	Effective Lumens*	Daily Energy Charge		Daily Fixture Charge
Small	Less than 7,000	\$0.123	+	\$0.307
Medium	7,000 – 14,000	\$0.301	+	\$0.291
Large	Greater than 14,000	\$0.478	+	\$0.288

* Effective Lumen output takes into consideration electrical and real world losses (ex. thermal, optical, and assembly), so it is a better representation of the useful visible light that is actually produced

CONDITIONS OF SERVICE:

1. The Cooperative is not responsible for adequacy of lighting. The customer is responsible for all aspects of the design of the lighting plan. The Cooperative has not conducted any study regarding the application of particular lighting equipment for customer's lighting needs and the Cooperative assumes no responsibility for the adequacy or appropriateness of the lighting equipment. Furthermore, the Cooperative makes no warranties as to the adequacy, sufficiency or appropriateness of the lighting equipment for purposes of safety, security or other illumination. It is the customer's responsibility to select the size, style and location of the lighting equipment and to monitor whether the lighting equipment that they have requested from the Cooperative is adequate for their particular needs. It also is the customer's responsibility to request that the Cooperative change any aspect of the outdoor lighting equipment if the equipment is not adequate for the customer's needs. The customer must pay any appropriate charges and fees for any requested changes.
2. The Cooperative shall furnish, install, operate and maintain the outdoor lighting equipment including lamp, luminaire, bracket attachment and control device on an existing pole of the Cooperative, electrically connected so as not to be metered. For poles installed prior to 2004 for the sole purpose of supplying and/or mounting outdoor lighting equipment, an additional charge of \$0.067 per pole per day shall be required.
3. The customer is required to notify the Cooperative if the light malfunctions. It shall be the customer's responsibility to notify the Cooperative in the event of a failure of the lighting equipment. The Cooperative assumes no responsibility to inspect the outdoor lighting equipment to determine whether it is properly functioning until after such time that the Cooperative has been notified that the lighting equipment has malfunctioned.
4. The outdoor lighting equipment shall remain the property of the Cooperative. The consumer shall protect the outdoor lighting equipment from deliberate damage.
5. The consumer shall allow authorized representatives of Cooperative to enter upon the consumer's premises to trim trees and shrubs as necessary, and for maintenance of the outdoor lighting equipment.

OUTDOOR LIGHTING SERVICE (OL)

APPLICABILITY:

Applicable to consumers, for dusk to dawn outdoor lighting in close proximity to existing overhead secondary circuits.

RATE PER LIGHT PER MONTH:

Light mounted on existing pole with bracket attachment and connected to existing overhead secondary circuit.

Description	Effective Lumens*	Daily Energy Charge		Daily Fixture Charge
Small	Less than 7,000	\$0. 123041	+	\$0. 307249
Medium	7,000 – 14,000	\$0. 301063	+	\$0. 291370
Large	Greater than 14,000	\$0. 478102	+	\$0. 288498

* Effective Lumen output takes into consideration electrical and real world losses (ex. thermal, optical, and assembly), so it is a better representation of the useful visible light that is actually produced

CONDITIONS OF SERVICE:

1. The Cooperative is not responsible for adequacy of lighting. The customer is responsible for all aspects of the design of the lighting plan. The Cooperative has not conducted any study regarding the application of particular lighting equipment for customer's lighting needs and the Cooperative assumes no responsibility for the adequacy or appropriateness of the lighting equipment. Furthermore, the Cooperative makes no warranties as to the adequacy, sufficiency or appropriateness of the lighting equipment for purposes of safety, security or other illumination. It is the customer's responsibility to select the size, style and location of the lighting equipment and to monitor whether the lighting equipment that they have requested from the Cooperative is adequate for their particular needs. It also is the customer's responsibility to request that the Cooperative change any aspect of the outdoor lighting equipment if the equipment is not adequate for the customer's needs. The customer must pay any appropriate charges and fees for any requested changes.
2. The Cooperative shall furnish, install, operate and maintain the outdoor lighting equipment including lamp, luminaire, bracket attachment and control device on an existing pole of the Cooperative, electrically connected so as not to be metered. For poles installed prior to 2004 for the sole purpose of supplying and/or mounting outdoor lighting equipment, an additional charge of \$0.067 per pole per day shall be required.
3. The customer is required to notify the Cooperative if the light malfunctions. It shall be the customer's responsibility to notify the Cooperative in the event of a failure of the lighting equipment. The Cooperative assumes no responsibility to inspect the outdoor lighting equipment to determine whether it is properly functioning until after such time that the Cooperative has been notified that the lighting equipment has malfunctioned.
4. The outdoor lighting equipment shall remain the property of the Cooperative. The consumer shall protect the outdoor lighting equipment from deliberate damage.
5. The consumer shall allow authorized representatives of Cooperative to enter upon the consumer's premises to trim trees and shrubs as necessary, and for maintenance of the outdoor lighting equipment.
