I am a CSWR client in Ocala, in the Coventry Subdivision. I am writing concerning Docket Number 20250136 WS, in which they are asking for a rate increase to current clients to cover costs they have occurred in their purchase of another utility company. I am TOTALLY. Opposed to this request. Why should we have to cover their cost for another area? They should cover their investment themselves, or have the clients in that area cover it. They have been a big enough problem as it is since they have taken over our subdivision, we shouldn't be held responsible for their additional expenses. Thank you.

Docket #20250136 by CSWR acquisition charges. Don't feel I should pay for a Water System that I am not receiving service from. When a company acquires a new business you go into it knowing the cost and problems! So I am letting you know the residents of Coventry Subdivision in Ocala Fla is definitely against this! Thank you!
