Dear Florida Public Service Commission Clerk,

We are writing to you in response to the proposed water rate increase under Docket No. 2025088-WU.

My husband and I are retired residents in this community and feel the proposed increase of our water bill from \$15 a month to \$115 per month is very excessive. We all know that water is a necessity but this type of increase especially to a community where a majority are on fixed social security incomes will create a critical financial hardship.

We would like to respectfully request that the Commission re-evaluate this proposal and either reject it or significantly reduce the proposed rate increase to protect the retirees as consumers; keeping them from being put into a dreadful situation and allowing them to live affordably.

Sincerely,

Mel and Traci Hastings
