Comment: It is outrageous that Sun Community is requesting a rate increase so large for our water bill. Does anyone read their water bill? If they increase the water bill as much as they think they should NO ONE will be able to afford to live here. Read your water bill if they increase the cost of the water do you realize what the sewer charges will be! People will be putting their homes up for sale. The lot rents increase and are now almost not affordable for us, now the water bill? This cannot happen. The demographics for our communities are retired people many in Social Security and limited income. This cannot happen. If this happens in Water Oak will Sun Communities raise the rates of all their communities in the same fashion? Again, this cannot happen.
