As a member of the Water Oak Community in Lady Lake, FL, I received a notice regarding docket #20250088-WU.

This refers to an attempt to drastically raise our water bills.

We are a 55+ community, and, as such, most of us are retired and living on fixed incomes. We pay a high lot rent each month which is increased each year. However, our incomes do not increase substantially enough to cover the ever increasing cost of living and especially not enough to cover the proposed water bills.

I request that the PSC deny this excessive increase.

I further request that this letter be counted as a formal, written objection to this increase being addressed at the January 21, 2026 meeting.
