Comment: Living on a fixed income, being single being very frugal as to how I spend my money and now they wanna go up \$100 on my water bill! Why should I pay the same as someone who has three or four people living in their house? don't they go by how much water we use off a meter when that's checked every month, instead of dividing it up by how many houses are here? Please don't allow this to happen.. I I don't wanna pay for them to water all the property in this community. Either, that should be a Water Oak bill not our bill.
