I am writing to express my strong opposition to the proposed substantial increase in the monthly water rate.

1. We are on a fixed income. We are not getting much of an increase in Social Security. We don't have a lot of retirement income either.
2. The enormous increase of 300 to 400% or more in our monthly water rates would lead to financial strain.

I see Water Oak hasn't even given you the correct numbers for what their costs are. You need to make them report the correct numbers to you.
