To Whom It May Concern

I'm writing in regards to Docket #20250088-WU, Sun Communities Finance LLC d/b/a Water Oak Utilities, Lady Lake Florida. According to Florida PSC presented to us, the expense of processing and pumping 32% of the well water will now be put on the backs of Water Oak residents, who have no control over it's use.

The prospectives for all residents defines our responsibility for Utilities and begins at the water meter, not at the wellhead.

I reject Sun Communities attempt to avoid paying its own water use for its obligation to manage and maintain their

Property. No one has provided sufficient accounts that the infrastructure improvements to justify a 400% increase.

Where are the numbers?

This is a 55+ community and on fixed incomes. This undue financial burden is unacceptable.

Sincerely

Donald and Sandra Osborne
