

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Determination of Need for Andytown-Oasis Transmission Lines Project in Broward and Miami-Dade Counties, by Florida Power & Light Company	DOCKET NO. 20260020-EI DATED: JUNE 8, 2026
---	---

**THE ENVIRONMENTAL DEFENSE FUND’S REQUEST FOR ORAL
ARGUMENT ON EDF’S MOTION FOR RECONSIDERATION**

Pursuant to Rule 25-22.0022, Florida Administrative Code (“F.A.C.”), The Environmental Defense Fund, Inc. (“EDF”) hereby requests that the Florida Public Service Commission (“Commission”) allow oral argument on EDF’s Motion for Reconsideration of Commission Order No. PSC-2026-0179-FOF-EI (the “Order”), issued on June 1, 2026. In summary, EDF respectfully requests oral argument because the issues addressed in EDF’s Motion involve nuances of EDF’s specific requests in its Post-Hearing Brief and the Commission’s apparent beliefs regarding EDF’s requests and arguments. EDF is not asking the Commission to re-weigh any evidence. Generally, EDF’s Motion for Reconsideration asks the Commission to reconsider and correct statements in the Order regarding EDF’s positions as to the Commission’s jurisdiction, not as to ultimate findings of fact. EDF also asks the Commission to consider whether it may have overlooked three specific points in the record in making its decisions. In support of this Request for Oral Argument, EDF states as follows:

EDF requests the opportunity to present oral argument on its Motion for Reconsideration filed contemporaneously with this Request.

Oral argument would aid the Commission in understanding EDF's positions regarding the bases for the Commission's jurisdiction as set forth in EDF's Motion for Reconsideration. Because of the interrelatedness of EDF's substantive positions on the ultimate issues in this case and its positions regarding the Commission's jurisdiction, EDF believes that the Commission has mischaracterized EDF's positions regarding the Commission's jurisdiction at several places in the Order. EDF is not asking the Commission to re-weigh any evidence regarding any substantive issues in the case, only to recognize the bases for EDF's positions and to correct certain statements as to EDF's positions. These are inherently nuanced, and accordingly, oral argument will aid the Commission in fully understanding EDF's positions regarding the Commission's jurisdiction.

EDF respectfully requests that it be allowed ten (10) minutes to present its argument, which EDF believes should be sufficient to allow it to present argument and to answer questions from the Commission. EDF would support a similar amount of time for each other party, i.e., FPL, the Commission Staff, and the Office of Public Counsel, to present argument to the extent that they desire to do so.

WHEREFORE, The Environmental Defense Fund, Inc., respectfully requests that the Commission all each party ten (10) minutes to provide oral argument on the issues raised in EDF's Motion for Reconsideration.

Respectfully submitted this 8th day of June, 2026.
