Attn: Zachary Bloom, Attorney

Re: Docket 20250047-WS – Petition for an acquisition adjustment for a non-viable utility, by CSWR-Florida Utility Operating Company, LLC.

Dear Mr. Bloom:

CSWR-Florida Utility Operating Company, LLC (“CSWR-Florida”) submits the following responses to Staff’s June 18, 2026 Seventh Data Request.

1. Please refer to CSWR-FL’s Response to Staff’s Fifth Data Request, No. 1(b), regarding the Utility’s explanation of additional O&M expenses.¹
 - a. Please identify, with specificity, the expenses incurred at the CSWR-Florida level that were allocated amongst each system based on respective customer count and system specific expenses not allocated.

Response: Please see Attachment “Sunshine 7.1 O&M Allocation,” for a detailed listing of O&M expenses. Column T, labeled "Allocate," identifies whether each expense was allocated among systems based on the Company's allocation matrix (Yes) or was a system-specific expense directly assigned to a particular system (No).

- b. Please explain, with specificity, why the additional O&M expenses, not captured by the Utility’s anticipated pro forma expenses, differ between other acquired systems.

Response: The additional O&M expenses not captured in the Utility’s anticipated pro forma expenses differ among acquired systems because each system has unique

¹ Document No. 03370-2026, filed June 5, 2026.

operating characteristics and service requirements. Variations in factors such as customer count, system size, infrastructure condition, regulatory requirements, geographic location, and operational needs result in differing levels of O&M expenses across systems. Accordingly, the additional expenses associated with each acquired system would not be expected to be the same.

2. In response to Staff's First Data Request, No. 22 (in Docket Nos. 20250038-WS, 20250043-WS, 20250047-WS, 20250130-WS, and 20250136-WS), CSWR-Florida provided examples of acquisition adjustments that its parent company and/or affiliates were granted in other states. Please confirm the amounts listed below. If these amounts are incorrect, please provide the correct values.

- a. For the Kentucky case cited in the response, or Docket 2022-00432, was total amount granted for all ten systems \$90,191? If not, what was the total amount?

Response: The total acquisition adjustment amount requested by Bluegrass Water for all ten systems in Docket 2022-00432 was \$90,171.27. The Kentucky Public Service Commission found this amount reasonable and was approved in the Final Order.

- b. For the cited cases in Texas, was the net total level (mix of positive and negative adjustments) of acquisition adjustments associated with non-fair market value purchases of 13 systems \$602,019? If not, what was the total amount?

Response: The total acquisition adjustment requested by CSWR-Texas for all nine non-fair market value systems was \$602,018. The Texas Public Utility Commission approved this amount in the Final Order of Docket No. 54565.

- c. For the Tennessee case cited in the response, or Docket No. 24-00044, was the net total level of acquisition adjustments associated with the purchase of 7 systems \$1,532,567? If not, what was the total amount?

Response: The total acquisition adjustment approved for all seven systems by the Tennessee Public Utility Commission in the Final Order was \$1,532,567.

3. In response to Staff's First Data Request, No. 15, the Utility provided pro forma financial statements for its first five years of operation.² Please clarify whether Y0 through Y5 aligns with 2022 through 2027 respectively. If not, please identify the years the projection aligns with.

Response: The pro forma financial statements provided in Staff's First Data Request No. 15 reflect Year 0 (Y0) as the first full year of CSWR-Florida's ownership of the system, corresponding to calendar year 2023. Years 1 through 5 (Y1–Y5) represent forecasted financial results for the subsequent five-year period, encompassing calendar years 2024 through 2028.

Thank you for the opportunity to provide additional information in support of the application. Please feel free to contact our office at your convenience with any additional questions or concerns.

Sincerely,

/s/ Thomas A. Crabb
