Subject: Increase on the price of Natural Gas by Florida City Gas

Dear Members of the Florida Public Service Commission,

I am writing to formally express my opposition to the proposed rate increase requested by Florida City Gas.

Despite the United States being a leading global producer of natural gas, Florida City Gas continues to seek higher rates. The company's argument that additional funds are necessary to maintain service standards is difficult to reconcile with the significant rate increases already implemented in recent years. I believe that further increases would place an undue financial burden on consumers.

I urge the Commission to deny this request. Please note that I am also contacting the Governor and our Senators to bring further attention to this matter.

Thank you for your time and consideration of this protest.

Respectfully yours,

Gilberto J Garcia
