COMMISSION
CLERK

RE: Rate Increase for Wildwood Water Company
Certificate Number 648-W

Commissioners,

Attached please find the Staff-Assisted Rate Case Form, the Wildwood Water Company current Tariff Sheet, and the Well Output Information Documentation. Also included is Florida Rural Water Associations analysis of current Wildwood operations.

Wildwood Water Company is applying for a rate increase for its water operations. Wildwood has not had a standard rate increase outside of occasional inflation increases since 1994, a time span of over 30 years. We are now upgrading our facility to meet current and future needs and additional funds are necessary to complete the upgrades.

Included in these upgrades are personnel changes that will ensure ongoing service to our customers. These costs are expected to add an annual additional cost to Wildwood Water Company of \$160,000.00.

Wildwood has already used its reserves and secured funding for material upgrades to its facilities. Ongoing services will require rate increases to cover the personnel expenditures and ensure the upgrades are serviced properly. The rate increases we are requesting are listed in the chart below.

	2025	2026
Drinking Water		
Residential		
Base Charge Inside City		
3/4-inch	\$35.43	\$70.86
Usage Charges Inside City		
4,001 to 10,000 gallons	\$4.80	\$9.60
