CUSTOMER COMMENTS

I have been a resident of Buttonwood for approximately 12 years. During that time, we have had to buy bottled water because of the quality of our water. The company is good at raising our rent each year and requiring us to take good care of our property, while they do little to do their part in being concerned with the water we drink. We also have a problem with our lights blinking off occasionally. This too has not been taken care of.

The volunteers and all we do in this park is why people want to live there. We are retirees living off of fixed income, soon we won't be able to live here.

I feel this is not a fair increase.
