COMMISSION
CLERK

Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, JEA (or Company) requests confidential classification of certain information filed in Docket No. 20260087-EM, dated July 7, 2026. The information for which the company requests confidential treatment includes all the information contained in Exh A (appearing on a USB device and comprised of two pages of maps) that is in response to Staff's 1st Set of Interrogatories, No. 1(b).

The Company is claiming confidentiality of its filing under Section 366.093(3)(e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsection (e) "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

More specifically, the information of Exh A consists of two maps depicting existing and proposed natural gas pipeline infrastructure. It contains pipeline route information that was provided confidentially to JEA by Peoples Gas System (PGS); and PGS argues that the disclosure of such information would create geographic vulnerabilities to critical infrastructure. It would harm PGS' competitive interests by identifying specific private properties the proposed route would intersect before easements are finalized, impairing PGS' ability to contract for land on favorable terms.

Staff has reviewed the Company's information and confidentiality request. It is staff's opinion that the information subject to this request meets the criteria for confidentiality contained in Section 366.093(3)(e), F.S.
