RE: TJ402, TDS Long Distance Corporation –Add Dedicated MPLS-VPN Service

Dear Ms. Salak:

Enclosed are the following tariff sheets:

Check Sheet	Fourteenth Revised Sheet 2
Section 3	First Revised Sheet 18.1
Section 4	Second Revised Sheet 21.1
	Original Sheets 21.2 & 21.3

The purpose of this filing is to add Dedicated MPLS-VPN Service to the tariff. Dedicated MPLS-VPN Service is a packet-switched network that provides a point-to-point or multi-point service arrangement for customers requiring special high bandwidth data applications. This service is offered with various transport speeds ranging from 1.5 Mbps to 1 Gbps from one customer premise location to another customer premise location or multiple locations within the state. With this filing we are also taking care of some other miscellaneous tariff cleanup.

The red-lined tariff pages are also included with this filing.

The proposed effective date for this filing is December 15, 2009.

If you have any questions, please call me at (608) 664-4186.

Sincerely,

~~4.6.2~~ Dedicated MPLS-VPN Service

A. General

Dedicated MPLS-VPN Service is a packet-switched network that provides a point-to-point or multi-point service arrangement for customers requiring special high bandwidth data applications. This service is offered with various transport speeds ranging from 1.5 Mbps to 1 Gbps from one customer premise location to another customer premise location or multiple locations within the state.

B. Conditions and Limitations

1. The service is offered subject to the availability of central office equipment and appropriate outside plant facilities. The service may not be available to all customers and/or at all speeds due to loop length, line conditioning and/or facility availability.
2. Customers must subscribe to this service for a minimum of twelve months.
3. Rates are based on term agreements. The rates are in effect from the time the service is installed until the end of the term agreement period. Upon expiration of the term agreement period, the customer may keep the same term agreement period or select a new term agreement period. Whichever term agreement the customer chooses, the rates for that term agreement will be at the rates in effect at that time.
4. Rates will not be increased by the Company until the term agreement period expires.
5. If the service is canceled by the customer prior to the completion of the term agreement period, the customer will be obligated to pay a termination charge. The applicable termination charge will be equal to the number of months remaining in the term agreement period times the monthly rate provided under the term agreement. Termination charges will not apply, if the customer replaces the service with comparable service and a term length that is equal to or greater than the original term agreement period.
6. If the applicant requests a different type of construction, equipment or facilities other than what is normally provided, the applicant may be assessed the costs of such arrangement.
