RE: **TL727**

Dear Ms. Salak:

Attached for filing, please find the following revised pages for the Embarq Florida, Inc. General Exchange Tariff. This filing is submitted with a proposed effective date of September 5, 2008. The Company's tariffs are available on its website at www2.embarq.com/tariffs.

Index	Eleventh Revised Sheet 5	Section A13 Cont'd	Second Revised Sheet 114
	Fourteenth Revised Sheet 9	Section A113	Fifth Revised Contents Sheet 1
	Twelfth Revised Sheet 14		Fourth Revised Contents Sheet 2
Section A13	Fourth Revised Contents Sheet 5		Fourth Revised Sheet 14
	Second Revised Sheet 111		Fourth Revised Sheet 15
	Third Revised Sheet 112		Second Revised Sheet 29
	Fourth Revised Sheet 113		

This filing eliminates Directory Number Transfer service and grandfathers the Toll Termination Service. Directory Number Transfer has no current customers so no customers will be affected by this change. In addition, this filing makes housekeeping changes to the Index and Section A113.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call me at the number below or Tamela Kelly at 850-599-1029.

Sincerely,

Mary L. Matthews

F. TOLL TERMINAL SERVICE - CENTRAL TELEPHONE EXCHANGES ONLY

(M)(T)

1. General

a. Toll Terminal Service consists of Company facilities specifically arranged to complete only outward long distance toll calls. The Company will provide either of the following pre-arranged Toll Terminal Services.

1) Wholly Operator Assisted - on each and every call (whether "0+, 0-, or 1+") an operator will enter the call process to obtain pertinent billing information from the caller, and then complete the call.

2) Operator Assisted, with Direct Distance Dialing Option either of two general types of calls may be placed over this type of service:

a) Operator Assisted - Calls will be directed to a Company Operator (via "0+ or 0-" dialing) who will enter the call process to obtain pertinent billing information from the caller, and then complete the call, or

b) Direct Distance Dialing (DDD) Option - Calls will be completed and billed at sent-paid, station-to- station rates where the customer allows guests or others to dial DDD (via 1 + 7 or 10 digits) on toll calls.

b. Toll terminals may not be used for completing incoming calls or outgoing local exchange calls.

c. Toll Terminal Service will be furnished dependent upon availability of facilities and offered only in connection with (1) hotel/motel or hospital switchboard service, or (2) other customer types when also subscribing to Autoquote (Centel Telephone Areas only) service when Wholly Operator Assisted Service is taken.

d. Concurrent with the effective date of this sheet all Toll Terminal Service customers will be required to subscribe to Autoquote when new service, additions, or changes are requested and the customer has Wholly Operator Assisted Service.

e. Any call completed via Operator Assistance will be billed at the current tariff rates for Operator Handled calls.

f. "Time and Charge Quotations" will not be rendered on any call placed via the Direct Distance Dialing Option, and customers utilizing this service are required to provide their own methods of call accounting or a call rating system.

2. Rates for Toll Terminal Service Trunks

Long Distance toll terminal service trunk, each, per month, are 100% of the applicable business individual line flat-rate service, as found in Section A3.

F. TOLL TERMINAL SERVICE - CENTRAL TELEPHONE EXCHANGES ONLY

1. General

- a. Toll Terminal Service consists of Company facilities specifically arranged to complete only outward long distance toll calls. The Company will provide either of the following pre-arranged Toll Terminal Services.
 - 1) Wholly Operator Assisted - on each and every call (whether "0+", 0-, or 1+") an operator will enter the call process to obtain pertinent billing information from the caller, and then complete the call.
 - 2) Operator Assisted, with Direct Distance Dialing Option either of two general types of calls may be placed over this type of service:
 - a) Operator Assisted - Calls will be directed to a Company Operator (via "0+ or 0-" dialing) who will enter the call process to obtain pertinent billing information from the caller, and then complete the call, or
 - b) Direct Distance Dialing (DDD) Option - Calls will be completed and billed at sent-paid, station-to- station rates where the customer allows guests or others to dial DDD (via 1 + 7 or 10 digits) on toll calls.
- b. Toll terminals may not be used for completing incoming calls or outgoing local exchange calls.
- c. Toll Terminal Service will be furnished dependent upon availability of facilities and offered only in connection with (1) hotel/motel or hospital switchboard service, or (2) other customer types when also subscribing to Autoquote (Centel Telephone Areas only) service when Wholly Operator Assisted Service is taken.
- d. Concurrent with the effective date of this sheet all Toll Terminal Service customers will be required to subscribe to Autoquote when new service, additions, or changes are requested and the customer has Wholly Operator Assisted Service.
- e. Any call completed via Operator Assistance will be billed at the current tariff rates for Operator Handled calls.
- f. "Time and Charge Quotations" will not be rendered on any call placed via the Direct Distance Dialing Option, and customers utilizing this service are required to provide their own methods of call accounting or a call rating system.

2. Rates for Toll Terminal Service Trunks

Long Distance toll terminal service trunk, each, per month, are 100% of the applicable business individual line flat-rate service, as found in Section A3.
