**FPL's Responses Staff's Second Request
to Produce Documents, No. 2.**

Florida Power & Light Company
Docket No. 20220001-EI
Staff's Second Request for Production of Documents
Request No. 2
Page 1 of 1

QUESTION:

Please provide a 12-month schedule detailing the 2022 commodity-only price of natural gas used to develop the Petition.

RESPONSE:

The Actual/Estimated petition includes data for the entire 12-month period of 2022. The first 6 months (January-June) represent actual costs of delivered gas, while the second 6 months (July-December) represent projected costs. The total cost of natural gas delivered to FPL's generation facilities includes more than the commodity-only price of natural gas. Additional costs, such as fixed and variable transportation expenses are included in the actual cost of natural gas calculation.

The monthly actual total cost of natural gas for the January through June period and the commodity-only prices of natural gas at Henry Hub used to develop the values for the projected July through December period are included below:

The document responsive to this request is provided as Bates No. FCR-22-004434.

<u>Month</u>	<u>A/E Actual Cost of Delivered Gas \$/Mmbtu</u>	<u>Henry Hub \$/Mmbtu</u>
January 2022	5.91	
February 2022	7.85	
March 2022	6.42	
April 2022	7.01	
May 2022	9.12	
June 2022	9.99	
July 2022		6.81
August 2022		6.78
September 2022		6.74
October 2022		6.74
November 2022		6.82
December 2022		6.94

Date of forward curve: June 21, 2022
