14. Please provide all the workpapers, in Excel format with formula intact, to support FPUC's responses to Staff's Sixth Set of Interrogatories, No. 44(d).

Company Response:

The depreciation expense for Accounts 3921 and 3922 was mistakenly excluded in MFR Schedule G-2 "Florida Common," page 25. The projected depreciation expense for accounts 3921 and 3922 is \$31,303 using the current approved depreciation rates that should have been included in MFR Schedule G-2 "Florida Common" page 25. Please refer to the attached file Staff POD 14 Depreciation Expense for 3921 and 3922.
