December 22, 2010

Beth Salak, Director
Competitive Markets and Enforcement: Tariff Section
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850

Dear Ms. Salak:

Attached for filing with the Commission are revisions to the AT&T Communications of the Southern States LLC's Private Line Services Tariff to be effective December 23, 2010. The revised pages are as follows:

Table of contents	2nd ^t Revised Page 1
Reference guide	1 st Revised Page 1
Index	2nd Revised Page 1
Section 16	Original Page 1
Rate Schedule	2nd Revised Page 23
Rate Schedule	Original Page 29

The filing introduces the Wavelength PL Service to the Local Channel Services tariff. This filing also makes a minor language change for the UVN Local Channel Tariff Price List.

If you have any questions regarding this filing, please do not hesitate to call.

Your consideration and approval will be appreciated.

Yours very truly,

Jerry D. Hendrix (mrs)

Regulatory Vice President

16. AT&T Wavelength Private Line (WPL) Service

GENERAL

AT&T Wavelength Private Line Service (WPL) is a managed, high-speed, optical transport service that provides custom optical networking solutions for interconnecting customer's locations, data centers and business sites in a Metropolitan Area Network (MAN) environment with the ability to extend the MAN into the Wide Area Network (WAN). AT&T WPL offers inter-connection to other carrier Co-location facilities, carrier hotels, AT&T's IDCs, or other AT&T providers.

AT&T WPL supports the transmission of multiple protocols concurrently on the same fibers

The supported protocols include :

- 2.5 Gbps Wavelengths
- Gigabit Ethernet
- 10 Gbps Wavelengths
- 10GE LAN/WAN PHY

AT&T WPL utilizes Dense Wavelength Division Multiplexing (DWDM) technologies to allow multiple frequencies or wavelengths of light that can be used to carry up to a maximum of 44 wavelengths (or channels) of data, each up to 10 Gbps. WPL can be designed to traverse both LATAs and state boundaries (Interstate only).

WPL Design

AT&T WPL is an unprotected, point to point, custom designed service solution based upon specific customer requirements.

WPL Availability

AT&T WPL is a domestic U.S. service and is offered subject to the availability of the facilities and equipment required to provide the service. WPL Service may only be purchased under this tariff by customers whose traffic on the service will be at least 90% intrastate in nature. WPL service can support both intrastate and interstate traffic, and is available for purchase under AT&T's Interstate Service Guide by customers whose traffic on the service will be more than 10% interstate in nature.
