APPROVING TARIFF FILING

BY THE COMMISSION:

On January 9, 1992 GTE Florida, Inc. (GTEFL) filed a tariff to delete the DID termination charge for customers who do not subscribe to the service for the minimum 36 months contract period.

The tariff was filed because the company no longer has the type of central offices in service that required the installation of additional hardware to provide DID service. Digital or stored program control (SPC) offices do not require the additional hardware that was required with the older step-by-step (SXS) offices; therefore, GTEFL incurs no stranded investment in case the subscriber terminates service prior to completion of the contract period. Accordingly, we find it appropriate to approve the filing.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that GTE Florida, Inc.'s proposed tariff to delete the three year termination charge for its Direct-In-Dial Service is approved as described in the body of this Order. It is further

ORDERED that any protest of this Order be filed pursuant to the requirements set forth below. It is

ORDERED that if an affected party files a protest of the tariff, the tariff shall remain in effect pending resolution of the protest. It is further

ORDERED that if no timely protest is filed this docket shall be closed.
