ORDER APPROVING TARIFF

BY THE COMMISSION:

On April 6, 1992, United Telephone Company of Florida (United or the Company) filed revisions to its Access Service Tariff proposing to introduce Flexible Automatic Number Identification (Flex ANI) to interexchange carriers (IXCs) as a nonchargeable option.

United presently provides standard ANI to IXCs on each routed call using Feature Group D (FG D) facilities. Standard ANI consists of the originating number preceded by two identifying digits that give information on the calling station. Currently, all changes to ANI identification digits must be developed by Bellcore, written into software upgrades by switch vendors and manually installed with switch upgrades. This is both time consuming and costly. Flex ANI will enable the Company to define special purpose ANI information digits requested by customers that are not yet covered by the available Bellcore-defined identification digits.

United will experience little if any incremental costs for providing this service. The capability for Flex ANI is inherent in most of United's switches; it was provided in a recent generic switch upgrade at no cost to the Company. United does not plan to charge any rate for Flex ANI. Standard ANI is currently provided as part of FG D access service at no extra charge to the IXC.

We believe that this tariff filing is appropriate. Flex ANI will provide a valuable and cost-efficient service to IXCs, and its zero cost and rate will have minimal impact on the Company and the ratepayers. Accordingly, we hereby approve the tariff as filed, with an effective date of June 4, 1992.

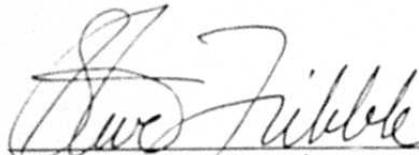

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the proposed tariff introducing Flexible Automatic Number Identification as a nonchargeable option for interexchange carriers by United Telephone Company of Florida, is hereby approved as filed, effective June 4, 1992. It is further

ORDERED that if a protest is filed in accordance with the requirement set forth below, the tariff shall remain in effect with any increase in revenues held subject to refund pending resolution of the protest. It is further

ORDERED that if no protest is filed in accordance with the requirements set forth below, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 5th day of June, 1992.

well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the action proposed files a petition for a formal proceeding, as provided by Rule 25-22.036(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a)(d) and (e), Florida Administrative Code. If this Order becomes final on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the date this Order becomes final, pursuant to Rule 9.110, Florida Rules of Appellate Procedure.
